

REACH Statement

Technical documentation for the assessment of electrical and electronic (EEE) products with respect to the restriction of hazardous substances.

Document Owner	Richard Hill
Test Certification No.	1907/2006
Product Range	CB-A3-2
Product Type	Easee Home, Easee Charge, Easee Charge Lite, Easee Charge Core, Easee Charge Up
Status	Released
SCIP notification:	e9c08e1c-830e-4afd-a52a-f4f73750535d

Easee ASA would like to affirm its adherence to REACH Regulation No.1907/2006 standard, demonstrating a strong commitment to these regulations throughout our sourcing and manufacturing processes.

We recognize that the introduction of new technologies and designs brings with it the responsibility to comply with the aforementioned regulation. This compliance is ensured through our audited suppliers and our own processes for managing changes or improvements.

To the best of our knowledge and to the date of this signed statement, all Substances of Very High Concern (SVHC) within Easee Home, Easee Charge, Easee Charge Lite, Easee Charge Core and Easee Charge Up listed on the SVHC candidate list are provided within the Substances of Concern In Products (SCIP) notification, as required by Article 33. The SCIP reference number is held within the Easee technical documentation (link provided). We are committed to following all best practices to remove, replace or register SVHC items and to maintain close communication with our suppliers and authorities regarding any additional information.

At Easee, we prioritize environmental considerations throughout all phases of our products' lifecycle. With this in mind, we kindly request that you follow the current waste and recycling procedures set by your local authority when declaring the end of a product's usage.

For CE declaration information, please refer to [Easee Support](#).
